## Experience and Projects:

**KelajakMerosi** – Front-End Website Development – <https://kelajakmerosi.uz>

Collaborated with a team to build a secure, high-performance website for a top course center with 1,000+ students. Developed the front-end using EJS for student exams and paid mock tests (IELTS, CEFR, SAT, and local certifications). Secured all endpoints with no public API exposure.

**Tech Stack:** Node.js, Express.js, EJS, HTML5, CSS3

**Bir Zum** – Web & Admin Panel Development – <https://bir-zum.uz>

Built a responsive, SEO-optimized landing page and front-end for the admin panel of a high-demand wedding venue app. Secured admin access with SMS verification and custom middleware. Enabled content moderation, category management, and ad control.

**Tech Stack:** Node.js, Express.js, HTML5, CSS3

## Education

Presidential school in Nukus 2019-2022

School N-1 in Turtkul, Class specialized in English and Mathematics

## Skills

### Backend Development

Node.js, npm, Express.js, REST APIs, MVC architecture, SOLID principles, Authentication & Authorization (JWT), RBAC (Role-Based Access Control)
